2018 Kawasaki Vulcan 900 Custom with 43 original miles, this motorcycle was just purchased and is in new condition. I bought it new on August 29th 2019 for \$8500 from the dealer. It was a leftover 2018. I added a windshield and Viking Bags. I also have two helmets one large and one small that can be included.

An injury has caused me to not be able to ride anymore. My loss is your gain.

The asking price is below book value, but it is still negotiable
