Gino had plenty of experience with insurance salesman during a 25-year career in the restaurant business. And, he recalls, those experiences weren't particularly positive or memorable.He rarely saw or spoke to his insurance broker after the sale. During the sale itself, he felt as if he were meeting with the stereotypical used-car salesman.So Gino determined to create a different kind of insurance agency. His vision: An agency that was focused on customer relationships rather than number of transactions. Clemente Insurance partners with its clients, staying in regular contact, helping to manage their risk and protect their assets. When you call Clemente Insurance, you don't go through voicemail hell. If you leave a message, Gino or a member of his team returns your call. And then they get to work, finding the insurance you need or guiding you through the claims process to resolve the crisis you're facing.Gino's refreshing approach to insurance made Clemente Insurance & Financial Services a success from its inception. This interactive agency has prospered as a leading agency to work among the top
